WHO WE ARE

1. Introduction & *About Us*

Ellen Spear Group is an industry-leading security and technology firm providing comprehensive physical guarding, intelligent surveillance, and cutting-edge ICT infrastructure for leading institutions across East Africa.

We engineer impenetrable security architectures by combining elite ground-force protection with advanced cybersecurity intelligence. We recognize that modern threats do not distinguish between the physical and digital realms, and neither does our approach.

With a 24/7 Command Centre, highly vetted personnel, and internationally certified operations, we deliver bespoke, mission-critical security tailored to the precise risk profiles of our clients.

Our operations span across multiple sectors including Corporate & Commercial, Government Institutions, Residential Estates, Industrial Manufacturing, and Financial Services. We deploy a hybrid model that ensures rapid response units are always backed by real-time tactical intelligence and robust network defense systems.

At Ellen Spear Group, we do not just react to threats; we anticipate and neutralize them before they materialize.

THE OBJECTIVE

2. Our *Mission*

To provide uncompromising, integrated security solutions that empower institutions to operate safely and confidently in dynamic environments, bridging the gap between physical safety and digital resilience.

THE HORIZON

3. Our *Vision*

To be the premier standard of absolute security and intelligence in Africa, pioneering unified defense frameworks for the modern era.

THE PRINCIPLES

4. Core *Values*

INTEGRITY & TRUST

We operate with absolute transparency and ethical rigor, recognizing that trust is our most critical asset.

VIGILANCE

We maintain constant situational awareness, proactively identifying threats before they manifest.

INNOVATION

We continuously integrate the latest advancements in technology and tactical strategy to outpace evolving risks.

EXCELLENCE

We execute every operation, from daily guarding to complex cyber audits, with unmatched precision.

WHAT WE DO

5. Our *Services*

1. IT Security

In an era where digital threats evolve by the hour, Ellen Spear Group delivers enterprise-grade cybersecurity solutions engineered to shield your most critical data assets. Our IT Security division conducts comprehensive cybersecurity audits and risk assessments to uncover vulnerabilities before malicious actors can exploit them.

We deploy advanced network monitoring and intrusion prevention systems that operate around the clock, providing real-time visibility into your entire infrastructure. Our services also encompass robust data protection and backup solutions, endpoint and cloud security management, and tailored security awareness training programmes to ensure every member of your organization becomes a line of defense.

2. Physical Security Services

Ellen Spear Group provides a full spectrum of physical security services through rigorously trained, highly vetted personnel. Our guards maintain a commanding on-site presence across corporate offices, residential estates, industrial facilities, and institutional campuses, delivering access control and perimeter security that deters threats before they materialize.

We operate mobile patrol units that cover wide operational zones including businesses, estates, and government institutions. For high-profile clients, we offer dedicated VIP and executive protection services, ensuring personal safety with discretion, discipline, and tactical precision at every level.

WHAT WE DO

5. Our Services (*continued*)

3. Alarm & Rapid Response

Our state-of-the-art Command Centre operates 24 hours a day, 7 days a week, providing continuous monitoring of alarm systems installed across client premises. When an alert is triggered, our strategically positioned rapid response units are dispatched immediately, ensuring crisis containment within minutes of detection.

We specialize in the professional installation and monitoring of alarm systems, seamless CCTV integration with alarm alerts for visual verification, and comprehensive incident reporting and resolution. Every event is logged, analyzed, and followed up to ensure continuous improvement in your security posture.

4. Security Consultancy

Ellen Spear Group's consultancy division provides expert advisory services for organizations seeking to strengthen their overall security framework. We conduct thorough security risk and threat assessments that map your unique vulnerabilities, and then design and implement integrated security systems tailored precisely to your operational environment.

Our consultants deliver compliance and regulatory guidance to ensure your operations meet all industry and government security standards. We also develop crisis management and contingency planning strategies, preparing your organization to respond decisively and effectively to any emergency scenario.

WHY CHOOSE US

6. Our Competitive *Advantage*

Ellen Spear Group stands apart through a uniquely integrated approach to security that combines the best of physical protection and digital defense.

- ♦ A hybrid model that integrates IT security and physical security.
- ♦ A team of certified cybersecurity experts and trained guards.
- ♦ Rapid response units backed by 24/7 monitoring.
- ♦ Customized solutions for clients in government, corporate, residential, and industrial sectors.
- ♦ Strong emphasis on customer satisfaction and trust.

THE PEOPLE

7. Our *Team*

Our strength lies in our people. Ellen Spear Group is powered by a highly trained, rigorously vetted workforce of security professionals, ICT engineers, and strategic consultants who deliver operational excellence every day.

EXECUTIVE LEADERSHIP

8. Eddy *Anayo*

Eddy Anayo

CEO AND DIRECTOR – STRATEGY, CORP. AFFAIRS & BUSINESS DEV

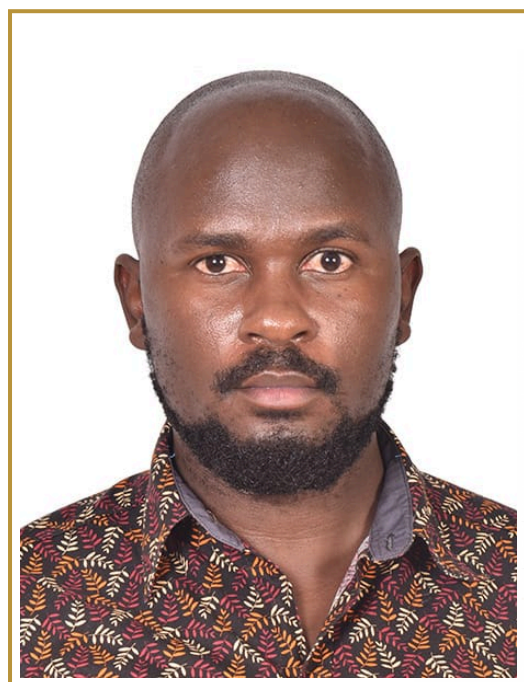

Eddy Anayo is a seasoned entrepreneur and business leader with extensive experience in corporate leadership, public service, and organizational development. He currently serves as Director and CEO at Homeland Itoya Events, where he oversees strategic growth, business operations, and stakeholder relations.

He also serves as a Non-Executive Member at the Kenya Rugby Union, contributing to governance and strategic development within the sports sector. Eddy has previously served as the Member of County Assembly (MCA) for Milimani Ward in Kisumu County Assembly, where he played a key role in leadership, policy oversight, and community representation.

With a diverse background spanning entrepreneurship, governance, and leadership, Eddy brings strong expertise in business development, strategic partnerships, and corporate affairs. His dynamic leadership approach and commitment to excellence continue to support the company's growth and long-term vision.

EXECUTIVE LEADERSHIP

9. Eng. David *Wasonga*

Eng. David Wasonga

DIRECTOR – ICT & INTEGRATED SECURITY SYSTEMS

Eng. David Wasonga is an accomplished Electrical and ICT Engineer with extensive experience in technology integration, digital transformation, and ICT infrastructure management. He holds a Master of Science (MSc.) in Electrical and Communication Engineering from Masinde Muliro University of Science and Technology.

He currently serves as the Regional ICT Manager at the ICT Authority, a position he has held since 2019, where he leads regional ICT initiatives, digital infrastructure deployment, systems integration, and technology governance. His expertise spans ICT infrastructure, integrated security systems, networking, surveillance technologies, and enterprise systems management.

Eng. Wasonga is also a Director at Prodigy Constructions Limited, where he contributes strategic leadership in technology-driven infrastructure solutions. With a strong background in engineering and ICT leadership, he brings innovation, technical excellence, and strategic vision to the company's integrated security and technology solutions.
